

FINISH YOUR PROJECTS IN LASTING BEAUTY

WITH ACRE TRIM BOARDS AND
DIMENSIONAL LUMBER

ACRE™ BY MODERN·MILL

Finally, the wood alternative you've been waiting for

A new alternative to wood is finally here. ACRE is a sustainable, durable alternative with the look and feel of real wood. ACRE is a brand-new material that's lightweight, strong and water-resistant, guaranteed not to rot, crack or splinter. ACRE is easy to cut and accepts paint or stain just like wood. Best of all, ACRE is made without harming a single tree, in a zero-waste environment in the U.S.A. Make ACRE your finishing touch.
