

## SIMPLE

### Wood Stacking Game

You all know how to play it, now make one for yourself. Can easily be scaled up for a giant outdoor version.

#### Tools:

- Miter saw or circular saw
- Pencil

#### Materials List:

Material	Quantity
1x2 S4S Maple	21 Lin. Ft.
120 Grit Sand Paper	2 Sheets
Indoor or Exterior Finish	1 Small Can

#### Build Instructions:

1. The easiest way to cut the pieces is to setup a stop block on your miter saw for 4-1/2"
2. You will need to cut 54 pieces to make a tower that is 18 blocks high.
3. Once cut, sand the edges of the blocks and finish with a interior or exterior finish depending on your primary use.
